Date of birth	12 March 2005	Nationality	Indonesian
Place of birth	Pontianak	Driving license	SIM C & A

PROFILE	Informatics student at President University with a big interest in technology, especially cybersecurity. I love figuring out how digital systems work and how to keep them secure. Outside the tech world, I’m also into photography and design, where I get to express creativity and pay attention to the little things. Through campus activities and events, I’ve gained hands-on experience in teamwork, content creation, and problem-solving, and I’m always excited to learn more and take on new challenges.
